

**CEFIPRA sponsored workshop on
Technology for Resilient Agriculture in Cane Sugar Farming: Machine Learning
and Artificial Intelligence for Precision Farming**

Objectives:

- 1). Sharing scientific Knowledge in sugarcane research
- 2). Transfer / Exchange of superior technology in sugarcane industry
- 3). Exchange of students for academic & research programs
- 4). Import / Export of better sugarcane varieties
- 5). Providing scientific & Practical solutions to sugarcane industry

Contributors / Speakers

**Sudhakar. B
(co-Ordinator)**

**Christophe. P
(Co-Ordinator)**
