# INDO FRENCH SEMINAR

Sponsored by CEFIPRA (Indo-French Centre for the Promotion of Advanced Research)

## Towards Carbon-Neutral Infrastructure: Recent Innovations in Sustainable Building Materials

### THEMES

1

Advances in Reducing Clinker Factors in Blended Cements

2

Advancements in Modelling Tools to Design Low-Carbon Cements and Concrete

3

Improving Durability of Concrete Structures and Performance-based specifications for Cements and Concrete

**VENUE:**  
Faculty Hall,  
Main Building,  
IISc Bangalore

**DATE:**  
15<sup>th</sup> to 17<sup>th</sup>, May  
2025

**Organizers:**  
Dr Keshav Bharadwaj  
Indian Institute of Science  
Pr Martin Cyr  
University of Toulouse
